What were the circumstances that caused you to look for a financial adviser?

We had an interest only mortgage, that was coming to an end and we still owed quite a large amount on it. We wanted to know what our options were as we really did not want to move away from the area.

How did Andrew help you?

He looked at our finances and as my husband was nearly 69 at the time, said that Equity Release could be the answer. We then received paperwork showing what the costs would be over different time periods for the money we hoped to get. Also what would be involved in being able to achieve this. All our questions were answered clearly and quickly when contacting him.

Have you seen the outcome you were hoping for?

Yes. We have been able to stay in our home. As we have a large family, our house is always busy. Having all the family together may not have been possible, if we had sold our home and moved elsewhere.

What could they have done better?

We think that Andrew from our point of view, did all we asked of him.

What were the circumstances that caused you to look for a Financial adviser?

For finding and implementing a mortgage for a buy to let property I own and to find an interest only mortgage for the purchase of my family home.

How did Andrew help you?

Andrew went to great lengths to review what mortgage deals were available on the market, to assess these against my personal requirements and limitations and then to secure the mortgages for me.

What is your current situation? Have you seen the outcome you were hoping for?

Andrew's overall performance exceeded my expected outcome. Securing the family home mortgage was particularly challenging because of the particular mortgage I required and my personal circumstances. In fact I had previously been told by other financial/mortgage advisers these circumstances would very much restrict my options. When I then found Andrew, from our first meeting and throughout the process he was honest but always very positive. Ultimately Andrew exceeded all expectations in securing the mortgage I wanted. He delivered a very professional and personal service, always keeping me advised and updated and in the end succeeded where others in his profession wouldn't even start! He is a credit to his profession and I have already recommended him to friends.

What were the circumstances that caused you to look for a Financial adviser?

We were looking for holistic advice on our finances, centred around a house move, but also looking at existing investments and future needs such as university fees.

How did Andrew help you?

Andrew was very good at looking at our requirements in the round and helping us think about the best ways to meet the needs. He listened carefully and did not try to rush us into any particular decisions, taking each element in turn while setting it in the context of the wider need. If it was cheaper for us to take out a product with e.g. an online provider he was

happy to recommend that route, even though it meant he received no commission.

What is your current situation? Have you seen the outcome you were hoping for?

We have so far taken decisions on a mortgage and insurance, and are very happy with the products chosen. We will come back in due course for further advice on investments.

The appointment took not time at all, which is great especially as it a busy time of year and trying to get something like a mortgage arranged usually feels me with dread as you imagine it would take months to find a product, then only to find the paperwork an absolute mine field. This is probably the reason i have always kept with the same supplier and paid more than i should.

Very accessible and friendly. Not pushy and prepared to offer advice on issues outside of his immediate remit.

He comes to our home and is always on time . He is polite and friendly, without over doing it. He gives the feeling that he knows what he is speaking about and is trustworthy and hard working. He listens and acts accordingly.He replies quickly to inquiries, by phone or e-mail, according to what I have used.

What could they have done better?

We are very satisfied with his service.

Attntion to detail was one of Andrew's many strengths. I found the communication between client and partner exceptional at all times as well. At no point was I ever left wondering what was happening with my enquiries. From the first meeting to signing, both my wife and I felt very comfortable and at ease in our own home.

What could they have done better?

I really don't have anything negative to say.....

Adviser is reliable and gives honest advice. He found us income protection and life cover at competitive rates to suit our budget. All documentation received quickly, the service was efficient and took the stress of dealing with such things away from our busy lifestyle! Wouldn't bother going anywhere else, totally recommend. Also used the company for our mortgage, very good deal!

What could they have done better?

Setting them a task to sort my pension out in the New Year!
